QUESTION: It is possible that geotechnical field investigations will likely be useful or even necessary. However, those prequalifications were not included. Is this just an oversight and should they be?

ANSWER: Yes, this was an oversight. Prequalification requirements for Laboratory Testing Services and Drilling Services have now been added to the RFP.

QUESTION: The Scope of Work in the Bulletin states that a Value Engineering study is to be performed at 30% stage of completion. We strongly suspect this study will be conducted by others, not a sub to the design team. Let me know if this is accurate.

ANSWER: If required by FHWA, the VE study will be performed by an outside group for the entire I-65 Spur, not just for this interchange.
